Don't be afraid of  
other people's happiness.

The woman who killed him. The woman who  
had her kill him. Now partners in crime, the  
two are surrounded by a storm of sorrow  
and anger. One cannot face reality, the  
other is taking her first step towards  
a new life...

The drama intensifies, exposing humanity's  
true face! 480 pages long, the tension-filled  
second volume of this trilogy draws ever  
closer to the climax!
